SCOUR COUNTY FOR OLD RELICS

Committee in Charge of This Phase
of Centennial is on a Still
Hunt This Afternoon

ASKS PEOPLE TO CO-OPERATE

Home Coming Committee Also Urges
That Names of Persons to In-
vite Here be Furnished

Members of the old relics committee of the Centennial, Home Coming and Fall Festival organization were in various parts of the county this afternoon in the search of old relics to be displayed here the week of the celebration, which is the week opening Monday, October 9.

Each member of the committee has made out a list of the things that she expects to get for the exhibit. As soon as the committee members have made a canvass to learn just what is available, they will hold a meeting and compare notes.

The chairman of the committee said this afternoon that the committee had in view several interesting relics which will be of immense value in the display Centennial week. If there are enough curios too large to display in the show windows of the city, provision will be made for their display at another place. Several men were placed on the committee after it was first named to take care of this part of the plan.

The old relics committee is especially desirous that every person in Rush county turn their attention to this subject for a few hours and attempt to locate something that will be of interest for Centennial week. The committee is convinced that there are plenty of family heirlooms in the county to make a very remarkable display if the people will but respond to the call of the committee for help. Persons having anything of the sort are urged to call Miss Mary Sleeth, chairman of the committee, at the public library, and indicate whether they will bring the relic in or whether they want a member of the committee to hunt for it. The committee assured everyone donating relics for display purposes that they will be carefully handled and will not be damaged in any way.

The committee on the home coming arrangements urges every person in Rush county who has a friend or relative away from here they want to invite to Rushville for home coming day, Thursday, October 12, to leave their name on the list which may be found at any drug store, shoe store, dry goods store or clothing store in the city. The committee will take the names from the list and will mail invitations to them. The addresses must also accompany the names. In this way the committee hopes to extend a personal invitation to at least a thousand former Rush county people, persons who have friends here and visit here frequently, but the committee must have the co-operation of the people.

The meeting of the baby and doll parade committee has been changed from Thursday afternoon to Thursday night at seven-thirty o'clock, at the court house, so that the committee can meet with the executive committee. The committee has some questions which have arisen in connection with the arrangements for the parade, about which it would like to consult the executive committee. All mothers who are interested in the parade in any way are urged to be present whether or not they are members of the committee.

HUGHES HUSTLERS SMOKER TONIGHT

Chester Jewett of Indianapolis and
Dr. J. C. Sexton Will Make the
Principal Addresses

BIG MEETING ON OCTOBER 6

Considerable interest is being shown in the smoker to be given tonight by the Hughes Hustlers, the republican young men's club, at the republican headquarters. It was announced today that in addition to Doctor J. C. Sexton, Chester Jewett of Indianapolis would address the meeting. Jewett is well known here, having lived at one time in Milroy. He is a good talker and as he is a young man his talk should be of especial interest to the young republicans. Jewett is a brother of Charles Jewett, republican county chairman of Marion county.

The organization of the club is going along nicely. The first public meeting under the auspices of the club will be held at the Graham Annex Auditorium one week from Friday night, October 6. Arthur R. Robinson, of Indianapolis will be the speaker. All of the young men of the county will be invited to unite with the local club and attend this meeting.

TRUANCY SEEMS TO BE INCREASING

Attendance Officer Miller Say it is
Worse in District and Con-
solidated Schools

15 REPORTED FROM 1 SCHOOL

Attendance Officer James Miller has been having more than his usual amount of work in keeping children in school the past three weeks. The number of truant children reported to the attendance officer has been above the average, but the officer has adopted a policy of making them all go to school and is showing no favoritism.

In the district and consolidated schools of the county the truancy has been more noticeable. In one consolidated school fifteen children were reported to the attendance officer. There has not been much here in Rushville.

Mr. Miller explains the situation by the fact that the farmers desire to keep their boys out of school to help with the wheat sowing. In each case Mr. Miller has compelled the boys to enter school. He stated today that he was surprised at the parents keeping their children from school when an education meant more than the sowing of the wheat.

ROBERT ELLIOTT IS DEAD

Burial of Indianapolis Man, Well
Known Here, at East Hill

Robert J. Elliott died at his home in Indianapolis this morning, his death being attributed to kidney trouble. He had been confined to his home for only a week. He is well known here, having married Miss Lena Shumm who was a niece of Mrs. A. L. Riggs and Mrs. J. P. Frazee of this city. Mr. Elliott was engaged in the stockyard business in Indianapolis. His remains will be brought here for burial. The funeral services will be conducted tomorrow afternoon at four o'clock at the late residence. The remains will be brought here Friday afternoon for burial. The funeral party will leave there on a special car arriving here about 2:30 o'clock.

Col. Dusty Miller announced today that after one practice the Jim Watson drum corp, a colored organization, was ready for the campaign. The practice was held last night. The boys will again be out tonight and will be taken to Shelbyville one night this week as an advertising stunt for the local centennial. A Jim Watson glee club of colored members will also be organized and will take an active part in the campaign.

PARTITION OF HITE ESTATE IS ORDERED

Judge Sparks Also Grants Divorce
Today to Dora E. Carpenter
From Owen Carpenter

ROOF REPAIRS DELAY COURT

The partition suit of Alden C. Hite, Jennie Ryon and James Ryon against Ora Hite, Ida Hite and the estate of the late George W. Hite was submitted to Judge Sparks today and a partition ordered. The court appointed Bruce Hite, William Moore and Adolphus Cameron as commissioners with instructions to report at this term of court. The court on proof awarded the attorney for the plaintiffs the sum of \$500 to be taxed as costs.

Dora E. Carpenter was awarded a divorce from Owen Carpenter upon the payment of the costs. The case was tried last week. Mrs. Carpenter alleged cruel and inhuman treatment.

Court business as far as actual trials are concerned has been light thus far this term largely on account of the noise in the court room caused by the placing of the new roof on the court house. The campaign is also making a difference. Several attorneys have asked to have cases continued until after the election. While not many cases have been tried Judge Sparks has been busy on probate business.

EXIT THE HUSKING BEE AND ENTER TWENTIETH CENTURY LATHING BEE

Everyone is Invited to Take Their
Hammers to First Baptist Church
Where Function is Held

TOOLS ARE NOT FOR KNOCKING

There have been many sorts of bees such as husking bees, honey bees etc., etc., ad infinitum, but the members of the First Baptist church who are building a new home on the site of the old one in North Morgan street think they have created a new one.

Enter the lathing bee and exit the husking bee, for lathing bee it is that has been taking place each night at the new church which is rapidly going up.

The First Baptist church has only 149 members and it is somewhat of an undertaking for them to erect a building costing \$12,000. But they have gone to it with a vim that spells success and the lathing bee is one of the methods employed to get some of the work of construction done for nothing.

Everyone is invited to bring their hammer, but they are not supposed to use it for knocking. In this case the venerable hammer is used to a

WILSON'S MAN DEFEATED

Martime Appears to be Victor in
New Jersey Senatorial Race

(By United Press.)
Trenton, N.J., Sept. 27.—John W. Westcott, who nominated President Wilson at the St. Louis convention, and is understood to have been the president's choice for the Democratic senatorial nomination in New Jersey, has been defeated by Senator James E. Martime, incomplete returns indicated today. Martime was strongly supported by German-Americans and also Irish-Americans who fathered his resolution for intervention by the president in the execution of Sir Roger Casement.

LITTLE RESPONSE TO WALKOUT CALL

Labor Unions in New York Stand by
Contracts and do Not Heed
Sympathetic Strike

LITTLE SENTIMENT FOR IT

(By United Press.)
New York, Sept. 27.—Labor unions in New York were standing by contracts they have with employers and there was little response to the call for a general walkout in sympathy with the striking employees of the traction line today.

Police reports up to eleven o'clock showed only one local, connected with the painters union, going out as an actual step in the sympathetic movement. Probably 200,000 union workers remained away from their work today but the majority of them were enjoying the annual holiday of their faith.

The longshoremen, stevedores and other workers who were expected to be among the first to respond reported as usual today. All indications were that unions having contracts were showing little sentiment in favor of a strike.

The labor leaders expressed themselves as entirely satisfied with the situation today but would make no statement of the number on strike or about to strike.

POLE RAISING TO BE HELD AT ORANGE

Old Fashioned Republican Meeting
Will be Held and James P.
Goodrich Will Speak

MANY FROM HERE ARE GOING

Many Republicans from this city and county are planning a little journey to Orange next Wednesday afternoon where an old-fashioned Republican pole raising will take place, with James P. Goodrich, republican candidate for governor, the principal speaker.

This has been arranged as a part of Goodrich's tour of Fayette county. The republican candidate will be met at Cambridge City early Monday morning and his swing around Fayette county will start from there. The first stop will be at Bentonville and then the party will proceed down the county line stopping at Falmouth, Fairview, Glenwood and then going to the farm of George Horton, near Orange where the pole raising will take place.

This ceremony will take place early in the afternoon. The Horton farm is in plain view of the old home of Finly Gray, and this is expected to add interest to the ceremony.

Woodford Cassady is Ordered to
Answer Citation for Contempt
of Court by That Time

FAILS TO PAY DIVORCED WIFE

After hearing the evidence this afternoon on the motion filed by Mrs. Della Cassady asking that Woodford Cassady be punished for contempt of court for failing to meet the payments of support money as set out in her divorce decree Judge Sparks ordered him to make a showing by October 10. According to the testimony, Cassady is behind \$100 in his payments.

Mrs. Cassady alleged that since getting the divorce he had bought an automobile and spent his money making frequent trips to other cities. Cassady was questioned and admitted owning the machine, a Ford, and told the court that his garage bill was between \$25 and \$30 a month. Mrs. Cassady is now living in Connersville.

Newcastle, Ind., Sept. 27.—Seven houses, eight barns and a number of outbuildings were destroyed by fire today at Cadiz, a small town west of here. The town has no fire fighting apparatus and had to depend on the bucket brigade. The high wind aided in the rapid spread of the fire. Cadiz has about 300 inhabitants. The loss is estimated at \$15,000.

Enquirer Straw Vote Reveals Taggart
is not Ahead of His
Ticket but Behind

WATSON LEADS TAGGART BY 85

District G. O. P. Pleased With
Showing at Richmond Where
all Candidates Lead

In the Cincinnati Enquirer straw vote being taken in Indiana, James E. Watson of this city still leads his democratic opponent, Thomas Taggart, for senatorial honors, by many votes and the margin of difference between the two candidates is daily growing.

The votes on these two candidates now are: Watson 430 and Taggart 345. Harry S. New, also Republican candidate for senator, has 553 votes as against his democratic opponent, John Kern's 417.

One of the remarkable things the straw ballot is showing is that Kern is going to be a stronger candidate that Taggart, despite the repeated assertions that Taggart would run away from his ticket. Kern is now leading Taggart by 67 votes.

In Indiana Hughes is leading Wilson by 191 votes, the former having 718 and the latter 527. James P. Goodrich, republican candidate for governor, is leading his opponent, J. A. M. Adair, by about the same margin. Goodrich has 642 votes to Adair's 457.

In a straw vote taken at the Kendallville Fair in the business district of Kendallville Wilson beat Hughes by five. Adair, for governor, received seven more votes than Goodrich. In the switching of votes Wilson and Hughes broke even, but Hughes gained 37 progressive votes and Wilson nine. Kern was the choice for senator, with New second.

The first installment of a straw vote in Portland showed Hughes to be the favorite. He received 13 more votes than the president. Goodrich beat Adair by nine votes.

In the changing of votes Hughes got six from Wilson and does not lose any Taft votes. Of the Progressive vote Hughes gets 10 and Wilson none.

On the state ticket four men will switch from the Democratic ranks to the Republicans. Of the Progressive vote Goodrich gets nine and Adair one.

New and Watson, who lead in the senatorial race, received the same number of votes. The Republicans gain the most in the change of votes.

The Republican district organization is highly pleased over the showing the G. O. P. is making in the straw vote being taken in Richmond by the Enquirer. In the presidential contest Hughes is favored by a substantial majority of the voters, and the majority of those who have balloted are factory workers and employees of jobbing concerns.

What pleases the Republican organization the most is the fact the poll reveals that the bulk of the former progressive voters are now supporting the Republican ticket. Sixty-two former progressives have indicated the intention of supporting the republican national ticket against nineteen Moose who are to cast their ballots for Wilson. The poll also reveals the fact that eighteen democrats are to support Hughes while only eight republicans will support Wilson.

As both republican and democratic organizations in the sixth district are concentrating their efforts to enlist the support of the big progressive vote in Wayne county the progress being made by the republicans along this line, as shown by then newspaper poll, is highly satisfactory.

A Protective Lesson.

During the first eight months of the calendar year 1914 Great Britain was at peace, and her total exports for that period were in the neighborhood of \$1,580,000,000. During the first eight months of 1916 Great Britain was engaged in the most gigantic struggle in her history, and was bearing a heavy burden of financing her allies. Many of her factories were engaged in the manufacture of war munitions, and thousands of her workmen were on the firing line, their places in the mills being taken by women. Nevertheless, the total exports of Great Britain during this eight months period were valued at nearly \$2,000,000,000. Not much evidence of industrial prostration there, despite the declaration of our free-trade Democratic friends.

Exports during the month of August, 1916, increased about \$75,000,000 over 1915 the chief increase being in manufactured articles cotton textiles increasing \$15,000,000, and iron and steel manufactures \$12,500,000. Exports of cotton goods to the United States for last August totaled 4,940,000 yards, compared with 2,952,000 yards August 1915; woollens, 469,000 yards, compared with 402,000

yards the same month last year. England is fighting and fabricating and making progress in both directions.

Our trade figures for the eight months ended August 1916, will not be available for some weeks, but the official figures for the six months ended June, 1916, show that our total imports from Great Britain for that period amounted to \$173,000,000. For the six months ended June, 1913, under the Republican protective tariff, they totaled \$132,000,000. In spite of the stress of war, England increased her hold on our market for the six months period, 1916, 30 per cent over the 1913 period. For the first six months of the calendar year 1914, just before the war broke out, and under the operation of the Wilson-Underwood law, our imports from Great Britain totaled \$154,000,000, an increase of \$22,000,000 over the 1913 period, but the lower rates of duty carried by the Democratic law resulted in less revenue, despite the increase of imports, and that revenue had to be made up by way of internal taxation.

England is not an exporter of raw materials to any considerable extent. She exports manufactured products, and every dollar's worth she disposes of in the United States means the displacement of a dollar's worth of domestic product and the cutting down of the American laborer's opportunity to make that product. The wage rate of England is almost one-half that paid to labor in the United States. The wage rate of Germany is about one-third our own. Recently, at the Trades Union Congress in Birmingham, England, representatives of 2,500,000 British mill workers voted by over one million majority to a protective basis and the resolution they adopted was as fine a specimen of the Republican argument for protection as one ever read. It declares for "the adoption of methods for restricting or preventing the importation of cheap manufactured goods produced at lower rates of wages and under worse labor conditions than prevail in this (England) country." The British Board of Trade, the first of this year, also declared for a return to the protective policy.

Were they striking at the United States, where the wage-rate is higher, and labor conditions better than those of England? No. They are afraid of German competition, which, before the war, was undermining British foreign trade, and even breaking into the domestic market of John Bull. If Germany must buck against a high tariff in England and France, and Russia, and the United States is operating under the near-free-trade tariff law which the Democratic party declares to be, if anything, too high, where are the products of the pittance-paid labor of Germany going to find the easiest outlet? Where will protected England sell her products, if not in our free-trade market. The workmen of this country had better

ESTATE HOT STORM The Stove with a Little Furnace In It

Competent authorities tell us that in the ordinary heating stove 50 to 75 per cent of all heat generated from the coal goes up the chimney—a dead waste of heat and of money. For years designers have been trying to lessen this waste and the result of their labors is shown in the ESTATE HOT STORM—not a stove in the common sense of the word, but a COMBINATION STOVE and FURNACE—two heating systems in one. Costs very little more than the ordinary stove to buy, no more to install and much less to operate than the ordinary furnace.

Come and see how the "Little Furnace" blocks up rushing heat and sends it pouring out the top INTO the room—not up the chimney. See the JOINTLESS LEG BOTTOM and BASE—as good a fire keeper in twenty years as it is today. The low bottom, from two to three inches closer to the floor than any other make. Absolute cleanliness, everything in the fuel consumed except the rock and slate in the coal. The indestructible HOT BLAST system—no rings to burn out or fill with ashes.

We can conscientiously guarantee to produce more heat for less money than any soft coal heater in the world.

Current Comments

Taggart and Watson.

(Indianapolis Star.)

Perhaps the most interesting parallel between Maine and Indiana has yet to be traced. It relates to the senatorships.

There, as here, two seats were in the balance. One Democratic candidate, Johnson, was recognized as popular and able. His opponent, Hale, was considered a weak nominee. It was thought that one Republican senator would be elected, but it was felt that Hale would probably fall so far behind his ticket that Johnson would be elected.

But in spite of Johnson's strength and Hale's weakness, the voters passed on national issues so generally, to the exclusion of personalities, that Hale ran only 3,000 votes behind his ticket and was elected.

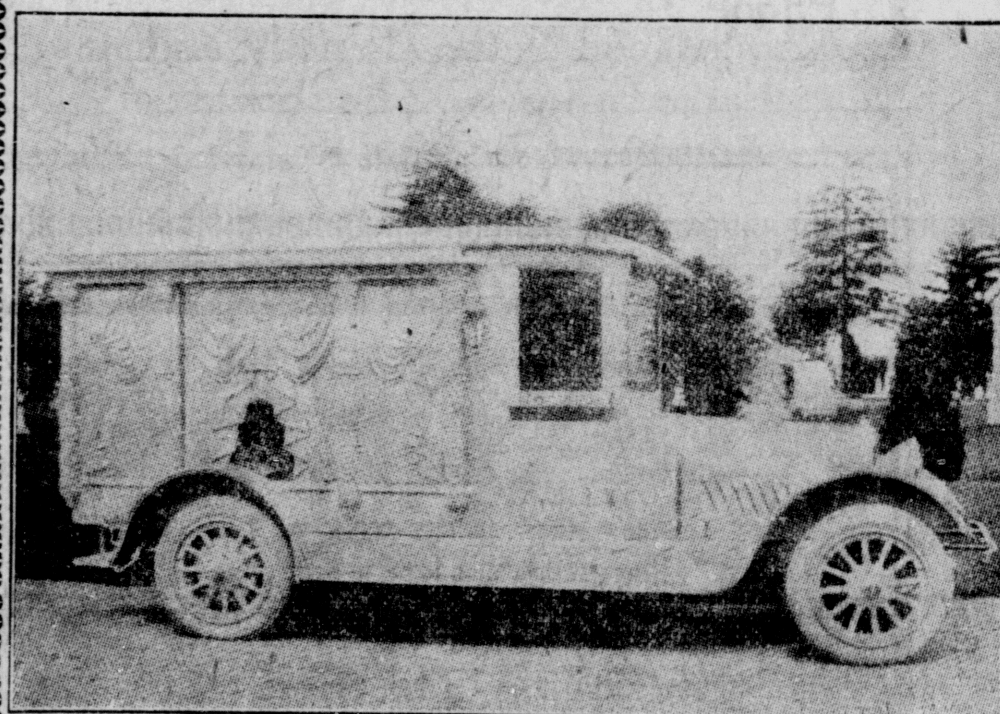

Here in Indiana there has been a good deal of talk that New would easily be elected, but that Taggart would surely beat Watson. It may be surmised from the result in Maine that the Republican majority in Indiana may easily be large enough to put Watson in ahead of Taggart.

It is The Star's opinion that exactly this will happen. Senator Taggart will go out of office with the respect and good will of all, but his election is an entirely different matter. Many voters are going to look upon the election of a Republican house and senate as of equal importance with the election of Hughes. What sort of laws can we expect with a Republican president and a Democratic congress

MOTORS FAIL TO CUT HORSE PRICES

Scarcity on Account of War Keeps Price of Good Animals High in This Country.

SHORTAGE OF BELGIANS

(By United Press.)
Chicago, Sept. 27.—The European war has caused such a scarcity of horses in the United States that farmers who raise the adaptable Belgian, whose weight range from 1200 to 1500 pounds makes it an excellent cavalry or police mount, are putting a high price on the animals which at the present time is being accepted by the horse dealer.

While thousands of Percherons and Belgians, weighing from 1500 to 1800 pounds are at present employed in drawing cannon and ammunition wagons on the battlefields, they are not so commonly used here as lighter animals.

A cross between Percheron stock and the American horses makes an almost ideal general purpose animal, and a well matched team will bring from \$500 to \$600, where formerly a team could be purchased at \$200 or \$300. There is no importation of horses at this time therefore American farmers are short of the adaptable Belgians, which in part accounts for the increased value.

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder.

LATHING PARTY

The loyalty of the B. Y. C. D. class of the First Baptist church to their church was proven last evening when they closed their meeting early to go to the church and all aid in putting on the laths on the new building. The meeting last evening was held with Mr. and Mrs. Ralph Pearsey at their home on the corner of Eighth and Arthur streets. Only a short business meeting was held, before the 25 members who attended hurried to the new church building.

ADDISON-PAULLEY

Miss Ruth K. Addison, daughter of Mr. and Mrs. Jesse Addison, and Clarence E. Paulley of Posey township were married today by the Rev. C. M. Yocum at the Christian church parsonage. They will make their home in Posey township.

CLASS MEETING

There will be a meeting of Mrs. Bennett's Sunday School class of the First Presbyterian church at the home of Mrs. Joe Cowing in North Main street on Thursday afternoon at two o'clock. All of the members are urged to be present.

SURPRISE ON MR. ORME

A number of the friends of Arnold Orme completely surprised him at his home in West Fifth street last evening, reminding him of his birthday, which occurred yesterday. The affair was so well arranged that it was a complete surprise. Elegant refreshments were served to the guests after a delightful evening together. The guests were Mr. and Mrs. Andy Moore, Mr. and Mrs. Percy Wright, Mr. and Mrs. Jacob Webber, and children, Ruth and Russell, Mr. and Mrs. Noley Newhouse and daughter, Ethel and Lon Newhouse.

BEVER-DOWNEY.

Miss Ilva M. Bever and Perry M. Downey were quietly married Monday evening by the Rev. Mr. Illiff at the M. P. Parsonage in New Salem in the presence of friends and relatives. The parsonage is Mr. Downey's birthplace and therefore chosen as the scene of the marriage ceremony. Mr. Downey is a young farmer of Union township and Miss Bever has been for several years one of Rush county's successful young teachers. Mr. and Mrs. Downey will go to housekeeping in a very few days on a farm near Lewisville.

Mr. and Mrs. Lesner Allender and Mr. and Mrs. Burl Matney entertained about thirty-five friends at Matney home of Mr. and Mrs. Downey last night.

NEW OFFICERS

The new officers took charge of the meeting of the Ladies Aid society of the St. Paul's M. E. church for the first time yesterday when the society met with Mrs. Anna B. Cox, who was assisted in entertaining by Mrs. John Blackledge. Committees for the coming year were appointed and the three captains for each of the divisions were appointed with Mrs. Willard Amos as captain of the 1st division; Mrs. Mary Hackleman captain of the 2nd; and Mrs. Fannie Powell as captain of the 3rd. A committee of two was appointed to meet with committees from the other aid societies to arrange a rest room for centennial week at some convenient place down town. There were about 45 members present, among them Mrs. A. W. Tompkins of Indianapolis and Mrs. Tyler, a new member of the society. Delicious refreshments were served. The next meeting will be at the home of Mrs. V. C. Bodine.

Mrs. Bruce Beck will entertain the members of the D. T. Club tomorrow at her home in North Jackson street.

Mr. and Mrs. P. M. Downey of Lewisville and L. H. Allender of Arlington were entertained at dinner last evening by Mr. and Mrs. O. P. Wamsley.

Another in the series of skating rink dances will be given tomorrow evening beginning at 8:30 o'clock. Mitchell's three piece orchestra of this city will play for the affair.

The Mitchell orchestra of this city will play at a dinner dance at Newcastle this evening at the country club and at another Newcastle dance at the new coliseum Friday evening. They will play October 4th at Kokomo.

The October Division of the Little Flatrock C. W. B. M. with Mrs. Stewart as captain, will have a pitch-supper with Mr. and Mrs. Burl Matney Friday night. About forty-five persons are numbered in the families of the thirteen members of this division, which increased from six to its present number in the past year.

Mrs. Thomas Powell of Glenwood had the first meeting of the year for the Sorosis club members at her home yesterday. Judging from the interest manifested, it is to be a very beneficial year. "Since Last we Met" was the appropriate theme of the day's program. The newly elected officers went into office. They are: president, Mrs. W. S. Saxon; vice-president, Mrs. T. E. Murphy; secretary, Mrs. A. J. Britt; and treasurer, Mrs. L. H. Elliott.

The usually pleasant social period, when refreshments were served, concluded the meeting.

WITH MRS. DAVIS.

Several ladies of the First Presbyterian church were invited to Milroy today where they were the guests of Mrs. J. W. Davis, formerly of this city and an active worker in the Presbyterian church.

Fall flowers of all kinds brightened the home for the entertainment of the guests, to whom an elegant dinner was served at noon. In the party were Mrs. Margaret Beale, Mrs. John Cowan, Mrs. Quiney Thomas, Mrs. Martin Spivey, Mrs. Lora Beale, Mrs. Petry, Mrs. Frank Windler, Mrs. Boyd, Mrs. Hinkle, Mrs. Joe Cowing all of this city and Mr. and Mrs. Stone and granddaughter of Carthage.

ALL DAY AFFAIR

The members of the Sunshine Embroidery Club and their families are the guests of Mr. and Mrs. Charles Sweet at their home in North Willow street today. Beautiful fall flowers of all kinds and shades formed huge bouquets for the rooms where the guests spent the day. At noon, a bountiful pitch-in dinner was served and this evening a equally elegant meal is to be spread.

Pink and white was the color scheme brought out in the appointments of the dinner. Guests at the very delightful affair were Mr. and Mrs. A. L. Kennedy, Mr. and Mrs. Raymond Boles, Mr. and Mrs. Fred Bell, Mr. and Mrs. Ed Aikin, Mrs. Nellie Ray and son, Harry, Mrs. Alva Poer Mrs. William Mathew, Mr. and Mrs. George Sweet and son, Hassel, Mrs. Bert Cohee, Mrs. Charles Rich, Mrs. Frank Martin, Mrs. Charles Bales and children, Mary, Editha and William, Mrs. Horace Glidden and daughter, Marcella, Mrs. Alta McBride, Mrs. Raymond Bailey and daughter, Harriett, of Connorsville, Mrs. Ethel Rice and daughter, Esther, of Indianapolis.

IS YOUR GAS STOVE O. K.

Probably you cook by gas. If you do, is the stove in perfect working condition? Is the force of gas what it ought to be? Do all the stops turn easily and are they tight? Is there any odor of escaping gas about the stove? It costs only a few cents to keep a gas stove in ship shape, and if there is any defect in yours, you should send immediately for a repair man. If you cook by coal: Are the drafts clear and what they ought to be? It not only saves fuel, but saves your own strength to have all these things attended to.

Fashion, Fads and Fancies are beautifully expressed in the new blouses and waists—embodiments of loveliness.

Dainty and charming frocks and dresses for afternoon and street wear—we want you to see them.

At Your Service, Madam Fads and Fashions of the Hour

With a distinction in style that marks them as Mauzy's, the new tailored suits are models of clever desinging and tailoring. The charm of gracefulness and beauty finds expression in every line of these ready-to-don garments. With the autumn opening of 1916 a matter of history, the handsome garments exhibited are certain to find ready owners. Will you be one of them? The range of styles, colors, and sizes will never be greater, so come tomorrow. Examine closely the garments you have seen on the models.

ALLIES PUSHING GREAT OFFENSIVE

Go Forward on Somme Front With Renewed Vigor After Capture of Two Important Points

BRITISH HAVE 3,000 CAPTORS

(By United Press.)

London, Sept. 27.—Without a moment's breathing space the allies are pushing their great offensive on the Somme front with renewed vigor following the capture of Thiepval and Combles. The German war office this afternoon admitted the loss of Thiepval and reported the British have pushed forward after suffering heavy losses. The Berlin statement reported no cessation in the furious fighting on the line that once rested on Combles.

The British alone have taken between 2,000 and 3,000 prisoners in the last two days of the battle on the Somme front, General Haig reported this afternoon.

The British have gained two positions on the Somme front, it was officially announced. The Germans made no attempt to regain the positions lost in the tremendous blow of yesterday, the French war office reported. The French spent the night in reorganizing their new positions.

WHEN SLICING BACON

Always place the hind side flat on the table when slicing bacon, and do not try to slice through it. When a sufficient number of pieces are cut, slip the knife under them and you can easily slice them away very close to the rind.

We have made up another lot of scratch pads and are now on sale at the Republican office.

HER DEATH NEAR

So Everyone Thought, But Is Now Well And Stronger Than Ever.

Newton, Mo.—"I can certainly speak a good word for Cardui, the woman's tonic," says Mrs. Jay Rhoades, of this town. "I suffered for 12 years with my right side, and the last three years, I would have a bad spell with it about every three months. I would get so bad off, every one would think I could not live. The first of July, I began taking Cardui, the woman's tonic, and I haven't had a bad spell since soon after I began taking it. Before taking Cardui, I was so irregular, and, at times, I could hardly stand on my feet. Now, I can clean house, and do any kind of work without its hurting me in the least. Cardui will surely do for other women, what it did for me. I am telling all my neighbors about it." Cardui is a mild and effective tonic for women; that has been found, by actual use, during more than 50 years, to relieve the ailments to which all women are peculiarly liable. Cardui has helped thousands. Why not you? Try it. NCD7 (Advertisement)

Indianapolis, Ind., Sept. 27.—Fanned by a high wind, flames destroyed twelve homes on the west side this afternoon and twenty families are homeless. The intense heat from the burning frame buildings made it difficult for the firemen to approach close enough to fight the fire. There was delay in getting water as the nearest fire plug was two blocks away.

TODAY'S HOOSIER ODDITY

(By United Press.)
Bedford, Ind., Sept. 27.—Walter Rorem and Leslie Conrad modestly claim the state record for a day's kill of poisonous copperhead snakes. Plowing a field, they stopped at a stump, where they saw a copperhead. They killed it, and then the copperheads appeared on all sides. After an exciting half hour they had killed all in sight. They counted 41. They have killed 61 copperheads on that farm.

A serious fire was narrowly averted late yesterday afternoon in front of the Bowen garage. While gasoline was being placed in the Ed Guttman auto, Russell Gray, who was in the back seat of the machine struck a match to light his pipe and the gasoline ignited. It looked for a time as though the machine would burn up but chemicals applied to the flames soon had the situation in control.

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

People Throng Mauzy's Store At Fall Opening

The success of the annual fall opening of the Mauzy company was proven by the throng of people that crowded the store during the entire afternoon. Because of the novelty and harmony the decorations were particularly well adapted to setting off the new fall costumes that were displayed.

A background of grey, in the new window decorations, in the window boxes and trellis work was emphasized. In the window boxes and on the trellis work, both of which represented a garden as they were placed upon the ledges over the counters, were flowers of harmonizing shades of yellow and red. Ferns, too, hung over the counters and bouquets of natural fall flowers in the same shades looked attractive in their tall vases along the ledges and counters. In this setting, the materials were displayed on the lower floor.

Upstairs, there were rustic hanging baskets with autumn leaves tumbling from them. Here the guests were seated to view the mannequins as they passed along, showing the latest fall styles, and music was played by the Christian Sunday School orchestra. Miss Leona Thomas played several violin numbers.

The mannequins were Mrs. Walter Hubbard, Mrs. Paul Boehm, Mrs. Cliff Winship, the Misses Clorlene Amos, Marjorie Geraghty, Edna Beaver, Marie Clawson, Marjorie Clark, Louise Pitman, Judith Mauzy and Mary Gale. Suits, dresses, coats, sweaters, furs, rain-coats and negligees were worn by the models. Wool velour seems to be most popular for fall and winter coats, which appear in shades of burgundy, navy blue, hunter's green, and java brown. These shades, too, are seen in the new suits, unusual because of the long coats and renewing last year's popularity in fur trimmings. The materials for the suits are wool velour, broadcloth and gabardine. Comfort seems to be the predominating style for the girlish winter dresses. Variations of the Betty Wales model are featured, the more dressy ones having wool embroidery work. Hats, furnished by the local millinery, shoes, gloves, purses and other accessories finished the outfits for the models.

Complete new furnishings have been provided for the show windows, new lights, new figures, balances and new decorations. The show widows with their tasteful arrangement gave a fair sample of the opening.

The opening as the Casady department store continued today and will throughout the remainder of the week. The usual crowd of people have been viewing the new models in the ready-to-wear department, the attractive materials being shown on the lower floor. Every dainty for milady's toilet is being exhibited.

The Rev. R. H. Hooke, pastor of the Presbyterian church at Forest Hill, Decatur county, underwent an operation this morning at the Sexton sanatorium for the removal of a mammoth carbuncle on the back of his neck.

the county fair grounds, where the great central feature of the three-day festival, the pageant, will be presented on Friday evening, September 29th. There, on a monster stage constructed before the grandstand, with electric floodlights, brilliantly illuminating every inch of space, more than a thousand persons will act the five episodes that cover a span of years which connects the present day with the period antedating the coming of the white man.

The pageant will be a spectacle as historically correct in every incident, as wonderfully realistic, and indescribably beautiful in every scene and setting and as absorbingly interesting throughout as it is comprehensively conceived in its plan. The latter days of the Indian occupation, the settlement and civilization work, the pioneer life, the Civil War times and late day contributions of the county to national achievement will be rehearsed and depicted amid scenes that will transport the spectator to the very times of the dead past that are being revived for the time being by twentieth century flesh and blood in the guise of aboriginal and ancestral habiliments, appropriately surrounded.

Secret societies, community or-

ganizations, political clubs, schools and individuals co-operate in producing the twenty-three scenes of the five episodes, the five interludes and the grand finale. Wagons floats and even houses erected for this purpose only are brought in. The social, religious, industrial, military, literary, musical and educational life and activities of the times covered by the pageant are shown in a manner true to the period represented. In William Conner, the first white trader, the Whetzel Trail and the naming of the

Brandywine, the Singing Class of Morristown, "Tippecanoe and Tyler, too," Thomas A. Hendricks and Charles Major will be seen as individuals, organizations and events of more than local fame, and in the quilting bee, the shooting match, the "loud school," the husking bee, and the old time dances, the Virginia Reel, Old Dan Tucker, and others will be seen the social factors that contributed to the pleasure of our forefathers and survived 'til days that came within the memory of many who will go to Shelbyville Fri-

day evening for an hour of reminiscences.

SCOUR COUNTY FOR OLD RELICS

Committee in Charge of This Phase
of Centennial is on a Still
Hunt This Afternoon

ASKS PEOPLE TO CO-OPERATE

Home Coming Committee Also Urges
That Names of Persons to In-
vite Here be Furnished

Members of the old relics committee of the Centennial, Home Coming and Fall Festival organization were in various parts of the county this afternoon in the search of old relics to be displayed here the week of the celebration, which is the week opening Monday, October 9.

Each member of the committee has made out a list of the things that she expects to get for the exhibit. As soon as the committee members have made a canvass to learn just what is available, they will hold a meeting and compare notes.

The chairman of the committee said this afternoon that the committee had in view several interesting relics which will be of immense value in the display Centennial week. If there are enough curios too large to display in the show windows of the city, provision will be made for their display at another place. Several men were placed on the committee after it was first named to take care of this part of the plan.

The old relics committee is especially desirous that every person in Rush county turn their attention to this subject for a few hours and attempt to locate something that will be of interest for Centennial week. The committee is convinced that there are plenty of family heirlooms in the county to make a very remarkable display if the people will but respond to the call of the committee for help. Persons having anything of the sort are urged to call Miss Mary Sleeth, chairman of the committee, at the public library, and indicate whether they will bring the relic in or whether they want a member of the committee to hunt for it. The committee assured everyone donating relics for display purposes that they will be carefully handled and will not be damaged in any way.

The committee on the home coming arrangements urges every person in Rush county who has a friend or relative away from here they want to invite to Rushville for home coming day, Thursday, October 12, to leave their name on the list which may be found at any drug store, shoe store, dry goods store or clothing store in the city. The committee will take the names from the list and will mail invitations to them. The addresses must also accompany the names. In this way the committee hopes to extend a personal invitation to at least a thousand former Rush county people, persons who have friends here and visit here frequently, but the committee must have the co-operation of the people.

The meeting of the baby and doll parade committee has been changed from Thursday afternoon to Thursday night at seven-thirty o'clock, at the court house, so that the committee can meet with the executive committee. The committee has some questions which have arisen in connection with the arrangements for the parade, about which it would like to consult the executive committee. All mothers who are interested in the parade in any way are urged to be present whether or not they are members of the committee.

HUGHES HUSTLERS SMOKER TONIGHT

Chester Jewett of Indianapolis and
Dr. J. C. Sexton Will Make the
Principal Addresses

BIG MEETING ON OCTOBER 6

Considerable interest is being shown in the smoker to be given tonight by the Hughes Hustlers, the republican young men's club, at the republican headquarters. It was announced today that in addition to Doctor J. C. Sexton, Chester Jewett of Indianapolis would address the meeting. Jewett is well known here, having lived at one time in Milroy. He is a good talker and as he is a young man his talk should be of especial interest to the young republicans. Jewett is a brother of Charles Jewett, republican county chairman of Marion county.

The organization of the club is going along nicely. The first public meeting under the auspices of the club will be held at the Graham Annex Auditorium one week from Friday night, October 6. Arthur R. Robinson, of Indianapolis will be the speaker. All of the young men of the county will be invited to unite with the local club and attend this meeting.

TRUANCY SEEMS TO BE INCREASING

Attendance Officer Miller Say it is
Worse in District and Con-
solidated Schools

15 REPORTED FROM 1 SCHOOL

Attendance Officer James Miller has been having more than his usual amount of work in keeping children in school the past three weeks. The number of truant children reported to the attendance officer has been above the average, but the officer has adopted a policy of making them all go to school and is showing no favoritism.

In the district and consolidated schools of the county the truancy has been more noticeable. In one consolidated school fifteen children were reported to the attendance officer. There has not been much here in Rushville.

Mr. Miller explains the situation by the fact that the farmers desire to keep their boys out of school to help with the wheat sowing. In each case Mr. Miller has compelled the boys to enter school. He stated today that he was surprised at the parents keeping their children from school when an education meant more than the sowing of the wheat.

ROBERT ELLIOTT IS DEAD

Burial of Indianapolis Man, Well
Known Here, at East Hill

Robert J. Elliott died at his home in Indianapolis this morning, his death being attributed to kidney trouble. He had been confined to his home for only a week. He is well known here, having married Miss Lena Shumm who was a niece of Mrs. A. L. Riggs and Mrs. J. P. Frazee of this city. Mr. Elliott was engaged in the stockyard business in Indianapolis. His remains will be brought here for burial. The funeral services will be conducted tomorrow afternoon at four o'clock at the late residence. The remains will be brought here Friday afternoon for burial. The funeral party will leave there on a special car arriving here about 2:30 o'clock.

A Jim Watson glee club of colored members will also be organized and will take an active part in the campaign.

PARTITION OF HITE ESTATE IS ORDERED

Judge Sparks Also Grants Divorce
Today to Dora E. Carpenter
From Owen Carpenter

ROOF REPAIRS DELAY COURT

The partition suit of Alden C. Hite, Jennie Ryan and James Ryan against Ora Hite, Ida Hite and the estate of the late George W. Hite was submitted to Judge Sparks today and a partition ordered. The court appointed Bruce Hite, William Moore and Adolphus Cameron as commissioners with instructions to report at this term of court. The court on proof awarded the attorney for the plaintiffs the sum of \$500 to be taxed as costs.

Dora E. Carpenter was awarded a divorce from Owen Carpenter upon the payment of the costs. The case was tried last week. Mrs. Carpenter alleged cruel and inhuman treatment.

Court business as far as actual trials are concerned has been light thus far this term largely on account of the noise in the court room caused by the placing of the new roof on the court house. The campaign is also making a difference. Several attorneys have asked to have cases continued until after the election. While not many cases have been tried Judge Sparks has been busy on probate business.

EXIT THE HUSKING BEE AND ENTER TWENTIETH CENTURY LATHING BEE

Everyone is Invited to Take Their
Hammers to First Baptist Church
Where Function is Held

TOOLS ARE NOT FOR KNOCKING

There have been many sorts of bees such as husking bees, honey bees etc., etc., ad infinitum, but the members of the First Baptist church who are building a new home on the site of the old one in North Morgan street think they have created a new one.

Enter the lathing bee and exit the husking bee, for lathing bee it is that has been taking place each night at the new church which is rapidly going up.

The First Baptist church has only 149 members and it is somewhat of an undertaking for them to erect a building costing \$12,000. But they have gone to it with a vim that spells success and the lathing bee is one of the methods employed to get some of the work of construction done for nothing.

Everyone is invited to bring their hammer, but they are not supposed to use it for knocking. In this case the venerable hammer is used to a

WILSON'S MAN DEFEATED

Martime Appears to be Victor in
New Jersey Senatorial Race

(By United Press.)
Trenton, N. J., Sept. 27.—John W. Westcott, who nominated President Wilson at the St. Louis convention, and is understood to have been the president's choice for the Democratic senatorial nomination in New Jersey, has been defeated by Senator James E. Martime, incomplete returns indicated today. Martime was strongly supported by German-Americans and also Irish-Americans who fathered his resolution for intervention by the president in the execution of Sir Roger Casement.

LITTLE RESPONSE TO WALKOUT CALL

Labor Unions in New York Stand by
Contracts and Do Not Heed
Sympathetic Strike

LITTLE SENTIMENT FOR IT

(By United Press.)
New York, Sept. 27.—Labor unions in New York were standing by contracts they have with employers and there was little response to the call for a general walkout in sympathy with the striking employees of the traction line today.

Police reports up to eleven o'clock showed only one local connected with the painters union, going out as an actual step in the sympathetic movement. Probably 200,000 union workers remained away from their work today but the majority of them were enjoying the annual holiday of their faith.

The longshoremen, stevedores and other workers who were expected to be among the first to respond reported as usual today. All indications were that unions having contracts were showing little sentiment in favor of a strike.

The labor leaders expressed themselves as entirely satisfied with the situation today but would make no statement of the number on strike or about to strike.

POLE RAISING TO BE HELD AT ORANGE

Old Fashioned Republican Meeting
Will be Held and James P.
Goodrich Will Speak

MANY FROM HERE ARE GOING

Many Republicans from this city and county are planning a little journey to Orange next Wednesday afternoon where an old-fashioned Republican pole raising will take place, with James P. Goodrich, republican candidate for governor, the principal speaker.

This has been arranged as a part of Goodrich's tour of Fayette county. The republican candidate will be met at Cambridge City early Monday morning and his swing around Fayette county will start from there. The first stop will be at Bentonville and then the party will proceed down the county line stopping at Falmouth, Fairview, Glenwood and then going to the farm of George Horton, near Orange where the pole raising will take place.

This ceremony will take place early in the afternoon. The Horton farm is in plain view of the old home of Finly Gray, and this is expected to add interest to the ceremony.

Woodford Cassady is Ordered to
Answer Citation for Contempt
of Court by That Time

FAILS TO PAY DIVORCED WIFE

After hearing the evidence this afternoon on the motion filed by Mrs. Della Cassady asking that Woodford Cassady be punished for contempt of court for failing to meet the payments of support money as set out in her divorce decree Judge Sparks ordered him to make a showing by October 10. According to the testimony, Cassady is behind \$100 in his payments.

Mrs. Cassady alleged that since getting the divorce he had bought an automobile and spent his money making frequent trips to other cities. Cassady was questioned and admitted owning the machine, a Ford, and told the court that his garage bill was between \$25 and \$30 a month. Mrs. Cassady is now living in Connersville.

Newcastle, Ind., Sept. 27.—Seven houses, eight barns and a number of outbuildings were destroyed by fire today at Cadiz, a small town west of here. The town has no fire fighting apparatus and had to depend on the bucket brigade. The high wind aided in the rapid spread of the fire. Cadiz has about 300 inhabitants. The loss is estimated at \$15,000.

Enquirer Straw Vote Reveals Tag-
gart is not Ahead of His
Ticket but Behind

WATSON LEADS TAGGART BY 65

District G. O. P. Pleased With
Showing at Richmond Where
all Candidates Lead

In the Cincinnati Enquirer straw vote being taken in Indiana, James E. Watson of this city still leads his democratic opponent, Thomas Taggart, for senatorial honors, by many votes and the margin of difference between the two candidates is daily growing.

The votes on these two candidates now are: Watson 430 and Taggart 345. Harry S. New, also Republican candidate for senator, has 553 votes as against his democratic opponent, John Kern's 417.

One of the remarkable things the straw ballot is showing is that Kern is going to be a stronger candidate than Taggart, despite the repeated assertions that Taggart would run away from his ticket. Kern is now leading Taggart by 67 votes.

In Indiana Hughes is leading Wilson by 191 votes, the former having 718 and the latter 527. James P. Goodrich, republican candidate for governor, is leading his opponent, J. A. M. Adair, by about the same margin. Goodrich has 642 votes to Adair's 457.

In a straw vote taken at the Kendallville Fair in the business district of Kendallville Wilson beat Hughes by five. Adair, for governor, received seven more votes than Goodrich. In the switching of votes Wilson and Hughes broke even, but Hughes gained 37 progressive votes and Wilson nine. Kern was the choice for senator, with New second.

The first installment of a straw vote in Portland showed Hughes to be the favorite. He received 13 more votes than the president. Goodrich beat Adair by nine votes.

In the changing of votes Hughes got six from Wilson and does not lose any Taft votes. Of the Progressive vote Hughes gets 10 and Wilson none.

On the state ticket four men will switch from the Democratic ranks to the Republicans. Of the Progressive vote Goodrich gets nine and Adair one.

New and Watson, who lead in the senatorial race, received the same number of votes. The Republicans gain the most in the change of votes.

The Republican district organization is highly pleased over the showing the G. O. P. is making in the straw vote being taken in Richmond by the Enquirer. In the presidential contest Hughes is favored by a substantial majority of the voters, and the majority of those who have balloted are factory workers and employees of jobbing concerns.

What pleases the Republican organization the most is the fact the poll reveals that the bulk of the former progressive voters are now supporting the Republican ticket. Sixty-two former progressives have indicated the intention of supporting the republican national ticket against nineteen Moose who are to cast their ballots for Wilson. The poll also reveals the fact that eighteen democrats are to support Hughes while only eight republicans will support Wilson.

As both republican and democratic organizations in the sixth district are concentrating their efforts to enlist the support of the big progressive vote in Wayne county the progress being made by the republicans along this line, as shown by their newspaper poll, is highly satisfactory.

Try A Want Ad

Do you want a warm floor?

The Favorite Base Burner does this. It is the most wonderfully constructed floor heater on the market. Having all doors and joints water tight, making your stove a fuel saver.

The complete stove is made of the best gray iron possible. Every part of this heater can be taken apart, without unbolting any of the stove. Our nickle will always stay white, not the yellow cast.

Why shouldn't it be the best? It has been manufactured for 69 years.

How Old Are You--

2? 20? 40? 75?

That really doesn't matter, anyway. We are here to serve all ages.

The baby's coat to grandmother's shawl—they all get dirty. We are at your service to clean them. Have your clothing cleaned by the modern, scientific method. Bring them to us to be dry cleaned and pressed. Especially at this time of the year you should look after last winter's clothing. Don't throw them away, as we can make them look almost like new.

Those Rugs and Draperies

should be sent to us to be dry cleaned, so that your house will look spic and span for your Centennial Week visitors. Rugs and draperies are cleaned to your satisfaction, and our guarantee.

MOTORS FAIL TO CUT HORSE PRICES

Scarcity on Account of War Keeps Price of Good Animals High in This Country.

SHORTAGE OF BELGIANS

(By United Press.)
Chicago, Sept. 27.—The European war has caused such a scarcity of horses in the United States that farmers who raise the adaptable Belgian, whose weight range from 1200 to 1500 pounds makes it an excellent cavalry or police mount, are putting a high price on the animals which at the present time is being accepted by the horse dealer.

While thousands of Percherons and Belgians, weighing from 1500 to 1800 pounds are at present employed in drawing cannon and ammunition wagons on the battlefields, they are not so commonly used here as lighter animals.

A cross between Percheron stock and the American horses makes an almost ideal general purpose animal, and a well matched team will bring from \$500 to \$600, where formerly a team could be purchased at \$200 or \$300. There is no importation of horses at this time therefore American farmers are short of the adaptable Belgians, which in part accounts for the increased value.

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder.

Mrs. Thomas Powell of Glenwood had the first meeting of the year for the Sorosis club members at her home yesterday. Judging from the interest manifested, it is to be a very beneficial year. Murphy; secretary, Mrs. A. J. Britt; and treasurer, Mrs. L. H. Elliott.

WITH MRS. DAVIS.

Several ladies of the First Presbyterian church were invited to Milroy today where they were the guests of Mrs. J. W. Davis, formerly of this city and an active worker in the Presbyterian church.

IS YOUR GAS STOVE O. K.

Probably you cook by gas. If you do, is the stove in perfect working condition? Is the force of gas what it ought to be? Do all the stops turn easily and are they tight? Is there any odor of escaping gas about the stove? It costs only a few cents to keep a gas stove in ship shape, and if there is any defect in yours, you should send immediately for a repair man. If you cook by coal: Are the drafts clear and what they ought to be? It not only saves fuel, but saves your own strength to have all these things attended to.

Fashion, Fads and Fancies are beautifully expressed in the new blouses and waists—embodiments of loveliness.

Dainty and charming frocks and dresses for afternoon and street wear—we want you to see them.

At Your Service, Madam Fads and Fashions of the Hour

With a distinction in style that marks them as Mauzy's, the new tailored suits are models of clever desinging and tailoring. The charm of gracefulness and beauty finds expression in every line of these ready-to-don garments. With the autumn opening of 1916 a matter of history, the handsome garments exhibited are certain to find ready owners. Will you be one of them? The range of styles, colors, and sizes will never be greater, so come tomorrow. Examine closely the garments you have seen on the models.

ALLIES PUSHING GREAT OFFENSIVE

Go Forward on Somme Front With Renewed Vigor After Capture of Two Important Points

BRITISH HAVE 3,000 CAPTORS

(By United Press.)
London, Sept. 27.—Without a moment's breathing space the allies are pushing their great offensive on the Somme front with renewed vigor following the capture of Thiepval and Combles. The German war office this afternoon admitted the loss of Thiepval and reported the British have pushed forward after suffering heavy losses. The Berlin statement reported no cessation in the furious fighting on the line that once rested on Combles.

The British alone have taken between 2,000 and 3,000 prisoners in the last two days of the battle on the Somme front, General Haig reported this afternoon.

The British have gained two positions on the Somme front, it was officially announced. The Germans made no attempt to regain the positions lost in the tremendous blow of yesterday, the French war office reported. The French spent the night in reorganizing their new positions.

WHEN SLICING BACON

Always place the hind side flat on the table when slicing bacon, and do not try to slice through it. When a sufficient number of pieces are cut, slip the knife under them and you can easily slice them away very close to the rind.

HER DEATH NEAR

So Everyone Thought, But Is Now Well And Stronger Than Ever.

Newton, Mo.—"I can certainly speak a good word for Cardui, the woman's tonic," says Mrs. Jay Rhoades, of this town. "I suffered for 12 years with my right side, and the last three years, I would have a bad spell with it about every three months. I would get so bad off, every one would think I could not live. The first of July, I began taking Cardui, the woman's tonic, and I haven't had a bad spell since soon after I began taking it. Before taking Cardui, I was so irregular, and at times I could hardly stand on my feet. Now, I can clean house, and do any kind of work without its hurting me in the least. Cardui will surely do for other women, what it did for me. I am telling all my neighbors about it." Cardui is a mild and effective tonic for women; that has been found, by actual use, during more than 50 years, to relieve the ailments to which all women are peculiarly liable. Cardui has helped thousands. Why not you? Try it.

TODAY'S HOOSIER ODDITY

(By United Press.)

Bedford, Ind., Sept. 27.—Walter Rorem and Leslie Conrad modestly claim the state record for a day's kill of poisonous copperhead snakes. Plowing a field, they stopped at a stump, where they saw a copperhead. They killed it, and then the copperheads appeared on all sides. After an exciting half hour they had killed all in sight. They counted 41. They have killed 61 copperheads on that farm.

A serious fire was narrowly averted late yesterday afternoon in front of the Bowen garage. While gasoline was being placed in the Ed Guttman auto, Russell Gray, who was in the back seat of the machine struck a match to light his pipe and the gasoline ignited. It looked for a time as though the machine would burn up but chemicals applied to the flames soon had the situation in control.

A DEPENDABLE DRUG STORE

It has been my aim for the past 30 years to run this kind of a DRUG STORE.

Purest drugs that do for nature what nature fails to do for itself. We never substitute and always keep a fresh stock and charge no more for the best.

The best place in the City to get a nice cool drink, but not the kind that will make the children run from you when you come home. If you have not tried our soda, believe me, you have been missing a good thing.

JUST PAINT

That's often all that's needed to rent tenantless property or to get a purchaser for a house you want to sell. Ask us what it will cost. DON'T FORGET THAT ROOF—it may need painting to protect it from the storms of the coming winter and save it from rust. Better let us examine it. We'll tell you honestly whether it needs painting and quote the lowest price consistent with good value, if it does. Phones 1366 and 1751

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medi-
cine Co.

Women who are well often ask: "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

People Throng Mauzy's Store At Fall Opening

The success of the annual fall opening of the Mauzy company was proven by the throng of people that crowded the store during the entire afternoon. Because of the novelty and harmony the decorations were particularly well adapted to setting off the new fall costumes that were displayed.

A background of grey, in the new window decorations, in the window boxes and trellis work was emphasized. In the window boxes and on the trellis work, both of which represented a garden as they were placed upon the ledges over the counters, were flowers of harmonizing shades of yellow and red. Ferns, too, hung over the counters and bouquets of natural fall flowers in the same shades looked attractive in their tall vases along the ledges and counters. In this setting, the materials were displayed on the lower floor.

Upstairs, there were rustic hanging baskets with autumn leaves tumbling from them. Here the guests were seated to view the mannequins as they passed along, showing the latest fall styles, and music was played by the Christian Sunday School orchestra. Miss Aeona Thomas played several violin numbers.

The mannequins were Mrs. Walter Hubbard, Mrs. Paul Boehm, Mrs. Cliff Winship, the Misses Clorenne Amos, Marjorie Geraghty, Edna Beaver, Marie Clawson, Marjorie Clark, Louise Pittman, Judith Mauzy and Mary Gale. Suits, dresses, coats, sweaters, furs, rain-coats and negligees were worn by the models. Wool velour seems to be most popular for fall and winter coats, which appear in shades of burgundy, navy blue, hunter's green, and java brown. These shades, too, are seen in the new suits, unusual because of the long coats and renewing last year's popularity in fur trimmings. The materials for the suits are wool velour, broadcloth and gabardine. Comfort seems to be the predominating style for the girlish winter dresses. Variations of the Betty Wales model are featured, the more dressy ones having wool embroidery work. Hats, furnished by the local millinery, shoes, gloves, purses and other accessories finished the outfits for the models.

Complete new furnishings have been provided for the show windows, new lights, new figures, balances and new decorations. The show windows with their tasteful arrangement gave a fair sample of the opening.

The opening as the Casady department store continued today and will throughout the remainder of the week. The usual crowd of people have been viewing the new models in the ready-to-wear department, the attractive materials being shown on the lower floor. Every dainty for milady's toilet is being exhibited.

The Rev. R. H. Hooke, pastor of the Presbyterian church at Forest Hill, Decatur county, underwent an operation this morning at the Sexton sanatorium for the removal of a mammoth carbuncle on the back of his neck.

the county fair grounds, where the great central feature of the three-days festival, the pageant, will be presented on Friday evening, September 29th. There, on a monster stage constructed before the grandstand, with electric floodlights, brilliantly illuminating every inch of space, more than a thousand persons will act the five episodes that cover a span of years which connects the present day with the period antedating the coming of the white man.

The pageant will be a spectacle as historically correct in every incident, as wonderfully realistic, and indescribably beautiful in every scene and setting and as absorbingly interesting throughout as it is comprehensively conceived in its plan. The latter days of the Indian occupation, the settlement and civilization work, the pioneer life, the Civil War times and late day contributions of the county to national achievement will be rehearsed and depicted amid scenes that will transport the spectator to the very times of the dead past that are being revived for the time being by twentieth century flesh and blood in the guise of aboriginal and ancestral habiliments, appropriately surrounded.

Secret societies, community or-

ganizations, political clubs, schools and individuals co-operate in producing the twenty-three scenes of the five episodes, the five interludes and the grand finale. Wagons, floats and even houses erected, for this purpose only are brought into use. The social, religious, industrial, military, literary, musical and educational life and activities of the times covered by the pageant are shown in a manner true to the periods represented. In William Conner, the first white trader, the Whetzel Trail and the naming of the

Brandywine, the Singing Class of Morristown, "Tippecanoe and Tyler, too," Thomas A. Hendricks and Charles Major will be seen as individuals, organizations and events of more than local fame, and in the quilting bee, the shooting match, the loud school, the husking bee, and the old time dances, the Virginia Reel, Old Dan Tucker, and others will be seen the social factors that contributed to the pleasure of our forefathers and survived 'til days that come within the memory of many who will go to Shelbyville Fri-

day evening for an hour of reminiscences.
